

Attention Budding

Gardeners!!!

The HRTI Community

Garden is expanding

and adding garden

spaces just for kids!

The Children's Garden

The Community Garden (located on John St. next to the Pioneer Home) is expanding! This year, we will be adding 6'x6' garden spaces JUST FOR KIDS! Space cost is \$5* for the season, and free seeds and plants are available. We will provide water, sunshine and lots of fun! All participants must agree to visit their garden at least once per week and keep weeds to a minimum throughout the season. There will be a work day in May, so adults please consider lending us your muscles to get the season started!

About the garden...

The Community Garden is supported by the Hay River Transition Initiative, a group of friends and neighbors working toward increasing sustainable living in the Prairie Farm area. As part of this, we work on projects within our community to support greener living and traditional skills, such as gardening.

Hey kids! Would you like your own garden to grow in?

Contact Cris at cris.cantin@yahoo.com or 715-418-1886 to reserve your space today.

See you in the Garden!

*\$5 fee will be waived, depending on individual need. Gardening is for everyone!!
